

# Please Join Us For Community Builders

Arcadia

JUNE 4<sup>th</sup> 2014

*Supporting The Growth & Development of NE Rural Business*

Each year young people are returning to rural areas, investing in rural life and giving life to a new business that is entrepreneurial, unique or simply beneficial to the area. This is number two of our series of Community Builders Events sponsored by the Central Community College RCDI project. The USDA/RCDI project is a three-year economic development grant awarded to CCC that provides training and development to the communities of Greeley, Sherman and Valley counties.

Community Builders Events are designed to promote area businesses by showcasing their entrepreneurial strengths, unique talents and/or qualities that meet a community need. Please join us as we tour four Arcadia businesses as they share their unique experiences, successes and future goals with us.
